Power, Purpose, Passion

Who: Each of you seated here today.
What: The ability to have the power to walk in your purpose and fulfill your passion.
Where: Anywhere where you seek to be the change you want to see in the future.
Why: Because it's bigger than you. There are two types of people in the world, one who is waiting for you to quit and the other who is rooting for you to stay! You decide who will be your motivator.
When: When you go to sleep at night and wake up in the morning and both times you can't stop thinking about it.
How: Make a plan and stick to it. Remember the plan may change from start to finish but start somewhere and end with the same common end goal.
