THE GREAT LAKES
Cruising Through North America’s Magnificent Inland Seas

Aboard the All-Suite 100-Guest Clelia II
August 28 - September 4, 2010
MUSIC CRUISE
In addition to the lectures and presentations on the history, geology, ecology, and other topics related to the Great Lakes, this voyage features a special theme to enhance your experience aboard Clelia II.

This MUSIC cruise features classical and American music by Bill Messenger.

GUEST LECTURER
Teacher, composer, historian, music critic, author, pianist, and lecturer Bill Messenger will entertain us with the wit and whimsy of 20th-century, popular, American music. In five presentations he will regale us with anecdotes about and excerpts from the great American music of Broadway, Hollywood, and jazz. Gershwin, Berlin, Jolson, Scott Joplin, and W.C. Handy along with stars of the theater and the screen all come alive as Messenger traces the evolution of American music from ragtime to jazz. He has been receiving accolades for years at the Peabody Institute of the Johns Hopkins University, one student commenting on "his total recall of his material" that "kept an electric current flowing through the class." A professional pianist since he was a teenager, Messenger has been critically acclaimed as "a cross between Max Morath and Victor Borge."
Dear Alumni and Friends,

Waves crash upon lighthouse-crowned rocks, First Tribes drums pound in the island forests, and a river thunders over Niagara Falls. Through it all, an elegant small ship cruises placidly, revealing the wonder of the Great Lakes – one of America’s great natural treasures.

Join us for a delightful summer voyage of world-class majesty, without having to travel halfway around the world. Since we inaugurated this itinerary last year, our guests have disembarked amazed and enraptured that such a marvelous and enriching cruise experience is available so close to home.

Between the space-age skyline of Toronto and Duluth, Minnesota, beautifully sited on the western shore of Lake Superior, we’ll chart a course through lakes Ontario, Erie, Huron, Michigan and Superior. En route, we’ll learn about how the sweet waters helped the growth of North American trade and industry – and how, today, Great Lakes residents and industries are balancing economic and environmental priorities for a sustainable future.

In particular, we’ll enjoy the tremendous grandeur of Niagara Falls, which in 1853 became the very first source of green hydroelectric power in the United States. We’ll also transit the great Welland Canal, an engineering marvel that enabled trans-Atlantic shipping from the Midwest, and discover the old mines of the lushly forested Keweenaw Peninsula. In the 1800’s, more copper ran in Keweenaw’s veins than all the gold in California.

The elegantly appointed, 100-guest, all-suite *Clelia II* is ideal for Great Lakes cruising, and not just because of its comforts: it’s virtually the only deluxe passenger ship in North America equipped to meet the stringent regulations for cruising in the Great Lakes.

Please join us this summer, as we voyage through a grandeur that’s as distinctive as America.

Sincerely,

Marguerite Ingalls Jones, A&S ’74, Bus ’88

ITINERARY

Saturday, August 28 • USA | TORONTO, Ontario, Canada | EMBARK | LAKE ONTARIO
Fly from the U.S. to Toronto, Ontario’s dynamic metropolis and the largest urban center in Canada. Overlooking the shores of Lake Ontario, Toronto is Canada’s leading cultural and financial center. Embark Clelia II in the afternoon. Overnight aboard docked in port. (D)

Sunday, August 29 • PORT WELLER | WELLAND CANAL | NIAGARA FALLS | LAKE ERIE
Sailing from Toronto, Clelia II will arrive in the late morning at Port Weller to begin the dramatic passage from Lake Ontario to Lake Erie via the Welland Canal. A series of eight locks designed as a continuous flight of “stairs” lifts Clelia II 327 feet over a distance of 27 miles. From the decks of the ship, witness the mechanics of this engineering marvel, which took over 100 years to complete. Stay on board for the entire transit or disembark for an excursion to Niagara Falls, one of North America’s most spectacular natural wonders. (B, L, D)

Monday, August 30 • AT SEA | LAKE ERIE | LAKE HURON
Spend a relaxing day at sea as we cruise from Lake Erie to Lake Huron. Enjoy the views from deck as Clelia II makes the 106-mile transit through the Detroit River, sailing past Detroit into Lake St. Clair, and then on to Lake Huron via the St. Clair River. (B, L, D)

Tuesday, August 31 • LITTLE CURRENT, Manitoulin Island, Ontario | LAKE HURON
Land at Little Current, the main settlement on Manitoulin, the world’s largest freshwater island and one of 30,000 islands that grace Lake Huron. Manitoulin is the home of the Wikwemikong Unceded Indian Reserve, a thriving Native American community that bears the distinction of being the only tribe in Canada never to have ceded title to their land. Drive to the reserve, where a traditional Native American powwow will be held, and visit the Ojibwe Cultural Foundation, whose exhibits chronicle the story of the native people of Manitoulin and the north shore of Lake Huron. (B, L, D)

Wednesday, September 1 • MACKINAC ISLAND, MICHIGAN, USA | LAKE MICHIGAN | LAKE HURON | SOO LOCKS | LAKE SUPERIOR
Arrive in beautiful Mackinac Island, a Victorian-era haven where cars are forbidden and bicycles share the road with horse-drawn carriages. Explore this idyllic island and see the ancient limestone formations that were considered sacred by the Straits Indians; the impressive Fort Mackinac, built atop a high cliff by the British in 1780; and the landmark Victorian Grand Hotel. Also enjoy free time to stroll along streets lined with gingerbread-trimmed buildings and browse in the charming shops. In the evening, Clelia II will transit the Soo Locks, known as the busiest in the world, where some 12,000 ships pass annually. (B, L, D)

FOR RESERVATIONS OR INFORMATION, PLEASE CALL US AT 800-257-5767.
Thursday, September 2 • HOUGHTON, KEWEENAW PENINSULA, MICHIGAN’S UPPER PENINSULA

Clelia II will navigate through the Portage Waterway, the narrow channel that separates Michigan’s Keweenaw Peninsula from the mainland, to call at quaint Houghton, built on a bluff facing the channel. Keweenaw witnessed the country’s first mineral rush, when vast deposits of copper were discovered in 1840. By the time the rush was over early in the 20th century, copper had generated enormous wealth, estimated to be ten times more than the money generated by the California Gold Rush. The legacy of the copper rush is still evident today in the abandoned mines, deserted settlements nestled in the forest and the opulent buildings in the region’s towns. We will explore this historic region, an area not only rich in history, but also a place of extraordinary natural beauty. (B, L, D)

Friday, September 3 • THUNDER BAY I OLD FORT WILLIAM I THUNDER BAY, Ontario, Canada

The land around attractive Thunder Bay was first settled by the French in 1679. Shortly after the American Revolution, the British established a settlement, Fort William, which flourished on the booming fur trade. This was the origin of Thunder Bay, now the largest city on Lake Superior. We tour Old Fort William, the impeccably restored fur-trading post and headquarters of the North West Company. Also spend time exploring Thunder Bay, a vibrant frontier town and cultural center. (B, L, D)

Saturday, September 4, 2009 • DULUTH, Minnesota, USA I DISSMBARK

Morning arrival in Duluth, Minnesota. Disembark and transfer to the airport for return flights home. (B)
In an era of mega cruise ships that carry thousands of passengers, the *Clelia II* is a delightful alternative. More like a private yacht than a cruise ship, *Clelia II* accommodates only 100 guests in 50 suites. *Clelia II*’s limited guest capacity, fine facilities, and distinctive style of operation attract like-minded travelers who return again and again to enjoy its custom-crafted itineraries and a style of cruising that is rarely found today. More than just a cruise, each voyage provides a comprehensive experience that reveals the singular aspects of the destinations. Aboard, a sense of community and a spirit of camaraderie prevail.

All of *Clelia II*’s suites face outside, providing views of the sea and landscape. Several have a private balcony. There are expansive open deck areas and other facilities, including a gym, spa, library, beauty salon, two lounges, a sun deck with Jacuzzi, and an outdoor cafe.

An elegant restaurant accommodates all guests in an open, unassigned seating. The cuisine is outstanding, and the overall service is efficient and friendly while unobtrusive. An elevator serves all decks. A resident physician attends a well-equipped infirmary.

Served by 65 seasoned officers and crew, *Clelia II* complies with the latest international safety regulations, including those of the U.S. Coast Guard, meets the requirements of the Centers for Disease Control and Prevention/U.S. Department of Health & Human Services, and is outfitted with the most current navigational and communications technology.

---

**CRUISE AND LAND RATES | PER PERSON, DOUBLE OCCUPANCY**

All accommodations aboard *Clelia II* are suites. They face outside, affording sea views, and several have balconies with sliding doors. All include two twin-size beds that can convert to a queen-size bed, sitting area, mini-refrigerator, safe, spacious closets, climate control, telephone, TV, DVD/CD player, Internet connection and bathroom with marble vanity, shower and other amenities.
