Dear Johns Hopkins Alumni, Parents, and Friends,

We are pleased to present to you the 2013 season of the Johns Hopkins University Alumni Journeys travel program. This year, we continue to present a number of traditional journeys while also adding some exciting new offerings as well. As always, our traditional programs feature deluxe lodging and all-inclusive sightseeing and continue to make up the core of the program. New this year are some truly adventurous and exotic offerings, including a steamboat voyage up the Mississippi, a journey from Bangkok to Bali, two “people to people” trips to Cuba, and an expedition to the Galápagos.

This year features many more professors, special guests, and dignitaries who will be accompanying the tours than in years past. Their presence and profound depth of knowledge in a wide array of disciplines will allow them to offer many unique insights that will enhance your travel experience. As always, we work with select, established and reliable educational tour operators who handle all logistics and can accommodate your individual requests. Joining a Johns Hopkins Alumni Journey means that you can focus on anticipating and enjoying your travel without worry.

Perhaps the best part of our journeys is that your travel companions will be fellow alumni and friends of the Johns Hopkins University—known the world over as a preeminent research university and home to intellectually adventurous individuals who cherish discovery, education and lively discussion. On each journey you’ll meet fellow passengers with a diverse range of interests, experiences and professional occupations, making fresh connections and new friends in some of the most memorable places on our planet. The Alumni Journeys program welcomes alumni, friends and family members, as well as parents and grandparents of students.

Feel free to contact either of us with your questions. We look forward to hearing from you and helping you plan your next journey.

Voyage of Discovery: Wonders of the Galápagos Islands
Aboard the deluxe M.V. Santa Cruz

This incredible nine-day journey introduces you to the remarkable Galápagos Islands, a nature lover’s dream destination and UNESCO World Heritage site, with a four-night cruise aboard the first-class small ship M.V. Santa Cruz. This exploration vessel is fully equipped with everything necessary to make your Galápagos experience complete, from a fleet of Zodiacs and a glass-bottom boat to a highly qualified team of certified naturalists and complimentary snorkeling gear. Visit seven islands and see the exotic birds, animals and plants that inspired Charles Darwin, including species unknown elsewhere in the world. With few natural predators on the islands, the abundant wildlife is nearly fearless and accepts human company up close. See the magnificent colonial churches of Quito, a UNESCO World Heritage site, and join an optional excursion to the colorful Andean market of Otavalo. Legacies and Landscapes of Cuba

Cuba, with its defiant history, is a tropical island unlike any other in the Caribbean. With the recent changes to OFAC regulations regarding travel to Cuba we are now able to explore this island of contrasts with its rich culture, still largely unfamiliar to the West. Our People to People licensed program visits the cities of Havana, Trinidad, Camaguey and Santiago and focuses on learning about the country by meeting and talking with a variety of Cubans from different walks of life. A discussion with a local economist will allow the group to focus on recent changes in Cuba's economic policy. The group will meet with contemporary artists and see how art in Cuba has transformed itself since the Revolution, shifting from content that glorifies revolutionaries to one that embodies intensely personal and introspective expressions as well as being used as a vehicle for political statements. Meet with foreign policy expert, Dr. Raul Rodriguez and understand the American perspective on these issues at a special meeting at the U.S. Interests Section in Havana. Outside of Havana there will be an opportunity to engage with Cubans who live in these cities and learn more about their lives, their access to education and healthcare, and the impact that the new regulations on private enterprise have had on them.

Eligibility
The Alumni Journeys program is designed primarily for Johns Hopkins alumni, but we invite anyone interested in educational travel to participate—parents, family and friends of alumni are welcome to join us, as are current Johns Hopkins students.

These unique travel opportunities bring together Johns Hopkins alumni and friends on trips hosted by select members of the university community. It is just one of the ways that the Johns Hopkins Alumni Association has been fostering community and supporting alumni since 1886. In support of this wonderful tradition, we require that at least one member of the traveling party make a sustaining financial contribution of $50 or more to the Johns Hopkins Alumni Association within the current fiscal year. To learn more about the important work we do on behalf of all Johns Hopkins alumni, and how your gift will support these efforts, please visit alumni.jhu.edu/support.

In addition, we invite each party to support the Alumni Association as a Cerulean Society member or as an annual contributing member. Select Cerulean, which is $1,000 or four annual installments of $250 each, or other levels of annual support. For more information and to make a gift, visit alumni.jhu.edu/support.
